It's the 20th annual **ZAP Zinfandel Festival** in San Francisco.. Wall to Wall Zin makers, Chefs and 10,000 Zinheads.

We spend the whole two hours trying to cover the events and make sense of why this amazing wine is still trying to gain the wine worlds respect!!!

Because these events are SO big with so many stories to tell, I asked the co-founder of **ZAP** and the Founder/Winemaker at **Ravenswood**, **Joel Peterson** to Co-Host the show.

I asked **Joel Peterson** to tell us about 6 winemakers who've caught his eye and who we should know more about.

Joel gives us a personalized intro to each and then we talk to **Bob Biale Wines** www.robertbialevineyards.com **Morgan Twain-Peterson** Joel's son at **Bedrock Wines**. www.bedrockwineco.com

Zinheads unite!!

The Show

The Tasting Room seemed to me to be a no brainer. I take the daily conversations between chefs, sommeliers, wine growers/owners/makers, writers, artisans and throw in the occasional celebrity and see how the mix works. The Tasting Room is the radio version of an audio blend, a Meritage for the soul.

I am talking about the art of wine and food and how almost all of us, whether we know it or not, are connected to their creation. I know a little bit about wine and food, but like to think I know a lot about people and my own art - conversation. So, if you want to join in, listen and demystify the world of wine along with me as I learn, you can learn too.

February 23, 2011 ALBERTA SHOW

The TEASE

Cliff Lede is an Edmonton born Albertan who revented an outstanding construction empire and then during an early morning run in Napa, decided it was time to follow his dreams of making wine. Not just any wine but Napa Cabs..made in the **Stag's Leap** District. BINGO!!

It's the finals of the **Canadian Culinary Championships**. The 8 best chefs in the country, competing over two grueling days..We finish at the Gala..with special guest **Colin James**.

THE SHOW

Cliff Lede (as in Lady) is creating a wine showcase in the **Stag Leap** District of Napa. **Wine Spectator** has declared that CL has risen quickly to the top of the ranks of Napa producers from his base in the Stag's Leap District. **Robert Parker** called him "a future star" Cliff is a classic rock fan, so instead of naming his blocks of land after numbers or Alphabets he gave them rock names.

You can actually listen and download the tunes from his website via iTunes. **Born to Run, Cinnamon Girl, Ziggy Stardust, Purple Haze Sgt Peppers, Light my Fire, Stairway to Heaven**. So that's why a two block blend is called **Cinnamon Stardust**.

The top of his bottles have a volume knob and it's turned up to 11..pure Spinal Tap. I loved doing this interview..hope you do too!!

Re-invention seems to be common-place in the wine industry. You need look no further than **Edmonton's Cliff Lede**.

Second half of the show is a jammed packed look back at the highlights of the recent **Gold Medal Plates** finals in Kelowna, BC.

www.goldmedalplates.com

Each of the 8 chefs from across Canada has earned the right to compete in the finals and usually the winning margin is by the smallest of points. At times 1/2 points!! There's a lot of pressure, a lot of blind luck and everything is done under a microscope. Hords of foodies follow their every move..it's life in a fishbowl.

Guests include

Michael Lyon - former competitor and host chef to the combatants

David Lawrason - Wine Leader www.davidlawrason.com

Harry McWatters - Honorary Chair www.harrymcwatters.com

Sid Cross - co-Senior Food Judge www.bcrhof.com/bio_SidCross_2009.php

All 8 chefs during competition..

Colin James - Juno winning performer www.colinjames.com

Daenna Van Mulligen is not my wife or sister. She just happens to have a name that looks like mine..But she has a Van in her name. That's a dead give-away.

Now, we're off to **The Black Rock Resort** in Ucluelet on the very West Coast of Vancouver Island. Next land mass is Japan. People come to sit by the fire and for the winter storms. Walks in primal forests and increasingly the food and wine.

This spectacular resort was built to blend with the black rocks it sits on but also..storms can beat against the huge windows..the ocean can work an angry turn.

But you get to sit in front of your fireplace..enjoying your own suite or downstairs in **Fetch, The Float Lounge** or the **Wine Cellar**. We heard about a dinner that was being prepared and planned featuring two really fine chefs..

Andrew Springett from **Black Rock** and **Richard Norwood** from **Norwoods**. They brought along their wine specialists **Mark Wachtin** and **Livio Porcellato** . www.norwoods.ca www.blackrockresort.com
